380240C Slitting Chisel - 240 x 26mm

20016 Right Angled SeamBuster Chisel

✳ Chisel edge on both sides for easily moving
along seam

WK910 SeamBuster Chisel

✳ Made out of tough steel
✳ Soft grip handle to absorb shock

Skinning Pliers

426801 Door Skinning Pliers Narrow Head

✳ The narrow head pliers make it possible to
remove the edging from car door skins to repair
inner panels.

✳ The first active jaw progressively lifts the door
skin/flange allowing access for the wider jaw
pliers.

426800 Door Skinning Pliers Wide Head

✳ The wide head pliers peel back the flange lip
to right angles to allow access to repair the inner
framework.

✳ Great for restoration work and repairing panel
damage around the edge of doors, bonnets/boots
and other panels
